

Group work: Around the questionnaire

Each group makes a mural with the information you are asked for below. Give your group a name. You may illustrate your mural with drawings or pictures.

1. Discuss the following questions and write down or make a mind map with the group conclusions

Think of the educational organization where you work and list the major factors that have a positive influence on your job.

.....

List the major factors that have a negative influence on your job.

.....

Think of a time when, in your relationship with your students or trainees, something very favourable and positive happened that made you feel good about your teaching and your relationship with them.

.....

Think of a time when, in your relationship with your students or trainees, something very unfavourable and negative happened that did not make you feel good about your teaching and your relationship with them.

.....

2. Are you doing any plurilingual & pluricultural activity in your classes? If the answer is yes, describe briefly one of them to your colleagues.
3. Choose one of the activities described to discuss about it.
4. Write a very short summary of the activity
5. Write down the pros and cons of including this kind of activities in your educational centre curriculum.
