### Meeting report

In the three weeks after the event, please complete this report. It contains two sections:

1. **Reporting:** this is intended as a feedback on the event, on what was learnt, on how the event will affect your work and on how it will be disseminated. In addition to the ECML National Nominating Authority and the National Contact Point in your country the ECML will use the report<sup>1</sup> in the "Experts involved in ECML activities" section of each ECML member state website (please see <http://contactpoints.ecml.at>).

This section should be written in one of the project's working languages.

2. **Public information:** this is intended as an information on the ECML project and its expected value for your country. The content should be of interest for a larger audience. Thus it should link up to interesting publications, websites, events etc. which were discussed on the occasion of the workshop or which are relevant in your country. The public information should be a short, promotional text of about 200 words.

This section should be written in (one of) your national language(s).

## 2. Public information

Short text (about 200 words) for the promotion of the ECML event, the project and the envisaged publication with a focus on the benefits for target groups. This text should be provided in your national language(s) to be used for dissemination (on websites, for journals etc.).

ECMLs workshop *Language for Work* gav utmärkta möjligheter att knyta kontakter, utbyta kunskaper och erfarenheter med deltagarna. Det stora antalet deltagare från många olika länder gjorde det möjligt att diskutera både likheter och skillnader i de satsningar som görs vad gäller andraspråksinlärning i ett arbetslivsperspektiv. Utöver kunskaps- och erfarenhetsutbytet så var det mycket värdefullt att ta del av det material som presenterades och diskuterades under workshopen. Det finns mycket material att använda för alla som arbetar med språkutbildning för migranter tillgängligt via Language for Work projektet. Workshopen gav också tillfälle att ta del av material som arbetats fram av de deltagare som presenterade sina initiativ. Sammantaget finns mycket samlad kunskap och den görs via ett sådant här möte tillgänglig för lärare, skolledare och andra nyckelpersoner som arbetar med språkinlärning för arbetslivet.
