Brief summary of the content of the workshop	The content of the workshop was very interesting and creatively conceived. Plenary sessions were very useful, and workshops where we networked with experts from other areas were priceless values for each of the sessions.
What did you find particularly useful?	Particularly useful was the mutual exchange of experiences with participants from other countries. Listen to their problems and solutions for these same problems, and it was of particular importance to create close contacts with people and to deepen cooperation with them.
How will you use what you learnt / developed in the event in your professional context?	The way I will apply what I learned at the workshop is that in my profession and organization, I will more and more promote and work on introducing the language of work, both English and Montenegrin.
How will you further contribute to the project?	The way in which I will contribute to the project in the future is to primarily inform the public about the project itself and benefits through social media, and then call for networking with other projects related to the same or similar topic.
How do you plan to disseminate the project? <ul style="list-style-type: none">- to colleagues- to a professional association- in a professional journal/website- in a newspaper- other	<ol style="list-style-type: none">1. https://ec.europa.eu/epale/en/node/851812. http://pomorskakotor.com/ecml-radionica-jezik-za-rad-alati-za-profesionalni-razvoj/3. http://www.radiokotor.info/radio/index.php/78-lokalne-vijesti/22271-ecml-radionica-jezik-za-rad-alati-za-profesionali-razvoj

Ovaj događaj je omogućio učesnicima da dijele pitanja vezana za razvoj “L2” vezanih za rad u sopstvenim zemljama i kontekstima, da pregledaju proizvode razvijene tokom cijelog projekta, kako bi razgovarali o tome kako ih učiniti što korisnijim i kako organizovati banku resursa za profesionalni razvoj, razmjenu praktičnih aplikacija, razmišljanje o angažovanju sa strategijama za menadžere i osoblje u centrima za zapošljavanje i javnoj upravi radi poboljšanja komunikacije sa javnošću. Razmišljanja su takođe fokusirana na vrijednost postignutih rezultata za profesionalni razvoj.

ECML projekat “Jezik za rad - Alati za profesionalni razvoj” (2016-2018) podstiče profesionalni razvoj u oblasti većinskog učenja jezika za odrasle, migrante i etničke manjine. Ona stvara alate i resurse za podršku profesionalnog razvoja nastavnika i drugih stručnjaka iz ove oblasti. Jezik za rad - Alati za profesionalni razvoj koristi evropsku mrežu za učenje koju je kreirao ECML projekat, Jezik za rad - Razvijanje jezičkih kompetencija migranata na poslu (2012-2015).
