Meeting report

In the three weeks after the event, please complete this report. It contains two sections:

1. **Reporting:** this is intended as a feedback on the event, on what was learnt, on how the event will affect your work and on how it will be disseminated. In addition to the ECML National Nominating Authority and the National Contact Point in your country the ECML will use the report¹ in the “Experts involved in ECML activities” section of each ECML member state website (please see <http://contactpoints.ecml.at>).

This section should be written in one of the project’s working languages.

2. **Public information:** this is intended as an information on the ECML project and its expected value for your country. The content should be of interest for a larger audience. Thus it should link up to interesting publications, websites, events etc. which were discussed on the occasion of the workshop or which are relevant in your country. The public information should be a short, promotional text of about 200 words.

This section should be written in (one of) your national language(s).

The completed file should be sent to

within the given deadline.

Brief summary of the content of the workshop	The workshop gave participants a chance to get familiar with good practice on how learners' existing linguistic repertoires can contribute positively to the learning and teaching of additional language(s). What did you find particularly useful?	The most useful part of the workshop was when participants could present, share and discuss achievements and issues in their contexts (e.g. materials, projects, initiatives, etc.)

How will you further contribute to the project?	I am going to contribute to the project's website by sharing inspiring ideas and examples of good practice.

2. Public information

Short text (about 200 words) for the promotion of the ECML event, the project and the envisaged publication with a focus on the benefits for target groups. This text should be provided in your national language(s) to be used for dissemination (on websites, for journals etc.).

W obecnych czasach różnorodność językowa i kulturowa jest rzeczywistością w wielu szkołach. W coraz większej liczbie szkół funkcjonują klasy, w których obecne są dzieci z różnymi doświadczeniami językowymi: od tych, które płynnie posługują się językiem nauczania, przez dzieci mówiące dialektem lub językiem regionalnym po takie, w rodzinach których używany jest jeden lub kilka języków różnych od języka nauczania. Takie sytuacje wymagają od nauczycieli szczególnego podejścia, które umożliwia dzieciom rozwijanie ich kompetencji językowych w takim stopniu aby mogły się one rozwijać poznawczo, emocjonalnie i społecznie. Spotkanie *Inspiring language learning in the early years: Why it matters and what it looks like for children aged 3-12 years?* miało na celu poprzez uświadomienie nauczycielom ich repertuaru językowego oraz uwrażliwienie na dziecięcy repertuar językowy zachęcić do wykorzystania tej wiedzy jak również zaprezentowanych narzędzi i przykładów dobrych praktyk do rozwijania kompetencji językowych, kulturowych i społecznych uczniów. Dzięki takiemu wspieraniu nauczycieli w promowaniu pozytywnego i przyjaznego podejścia do różnorodności językowej i kulturowej dajemy szanse każdemu dziecku na pełen rozwój i sukces edukacyjny.
