### Meeting report

In the three weeks after the event, please complete this report. It contains two sections:

1. **Reporting:** this is intended as a feedback on the event, on what was learnt, on how the event will affect your work and on how it will be disseminated. In addition to the ECML National Nominating Authority and the National Contact Point in your country the ECML will use the report<sup>1</sup> in the "Experts involved in ECML activities" section of each ECML member state website (please see <http://contactpoints.ecml.at>).

This section should be written in one of the project's working languages.

2. **Public information:** this is intended as an information on the ECML project and its expected value for your country. The content should be of interest for a larger audience. Thus it should link up to interesting publications, websites, events etc. which were discussed on the occasion of the workshop or which are relevant in your country. The public information should be a short, promotional text of about 200 words.

This section should be written in (one of) your national language(s).

12. i 13. septembra 2018. godine u Evropskom centru za moderne jezike u Grazu, Austrija, realizovan je dvodnevni seminar na temu "Inspiring language learning and teaching in the early years: Why it matters and what it looks like for children aged 3-12 years". Seminar je okupio edukatore i nastavnike iz 32 zemlje koji su imali priliku da podijele iskustva o značaju učenja stranog jezika na ranom uzrastu i značaju plurilingvizma u savremenom društvu.

Tokom dvodnevnog intenzivnog rada predstavljen je rad Evropskog centra za moderne jezike, kao i njihov web sajt ([www.ecml.at](http://www.ecml.at)) koji predstavlja izuzetno važan izvor za nastavnike stranih jezika. Predstavljen je projekat "Inspiring language learning and teaching in the early years" kojim su se poslednjih godinu dana bavili edukatori iz pet različitih zemalja.

Poseban osvrt je dat na prednosti i izazove sa kojima se edukatori suočavaju prilikom učenja i podučavanja stranih jezika u svojim kontekstima. Učesnici su imali priliku da definišu osnovna načela učenja i podučavanja jezika na ranom uzrastu, kao i da se upoznaju sa web sajtom koji je izrađen tokom trajanja projekta (<https://www.ecml.at/ECML-Programme/Programme2016-2019/Inspiringlanguagelearningintheearlyyears/Overview/tabid/3057/language/en-GB/Default.aspx>), koji može poslužiti kao odličan izvor nastavnicima koji rade sa djecom ovog uzrasta. Veoma važan segment radionica je bio i dio gdje su učesnici imali priliku da prezentuju projekte i podijele iskustva i izvore koje koriste u svojim zemljama za podučavanje stranih jezika na uzrastu od 3 do 12 godina.

Znanje i informacije dobijene na seminaru će biti od izuzetne važnosti za moj dalji rad i pružiće mogućnost unošenja inovacija i korišćenje novih ideja i resursa u mom podučavanju, a isto tako ih planiram unijeti kao sastavni dio svojih treninga za nastavnike engleskog jezika.
