

A roadmap for schools to support the language(s) of schooling

Statements for parents/guardians

P	B1	1	My child's school helps my child learn languages.	Awareness of language dimension
P	G14	8	My child's school is interested in the languages the students know and how they learned them.	Attitudes towards languages
P	G15	9	My child's school tracks the students' literacy development in the language(s) of schooling.	Attitudes towards languages
P	G8	19	My child's school provides opportunities for using languages outside school.	Promoting informal language learning
P	G8N	20	My child's school helps parents/guardians find ways to support language development of students at home, by suggesting some activities.	Promoting informal language learning
P	P1	21	My child's school involves people working at school as a language resource to help newly arrived students.	Orienting newcomer students and families
P	P3	23	At my child's school, students are free to use all their languages outside the lessons.	Attitudes towards languages
P	P4	24	In my child's school, the teachers refer to and make use of the students' languages during lessons.	Role of languages in learning
P	P4N	25	In my child's school environment, the languages teachers, staff and students speak are present (e.g. posters, photos, charts, etc.).	Attitudes towards languages

This is an output of the project "A roadmap for schools to support the language(s) of schooling" (2017-2019) of the European Centre for Modern Languages (ECML). The ECML is a Council of Europe institution promoting excellence in language education in its member states.
