1 - Using keywords (for the specific topic and for the sector), please indicate the **top priority** of your country.
For example, theme (formative assessment) and sector (primary).

Reform process of Curriculum in Primary and Secondary Education in accordance with new Common Core Curriculum defined on Learning outcomes

Please tell us why this is important.

Agency for Pre-school, primary and Secondary Education finished a new Common Core Curriculum for Foreign Languages defined on Learning outcomes which is defined the levels A1 and A2 for the Primary Education and B1+, B2 and B2+ for the Secondary Education

2 - Using keywords (for the specific topic and for the sector), please indicate the second most important priority of your country.
For example, theme (formative assessment) and sector (primary).

Teacher Training (in-service and pre-service)

Please tell us why this is important.

Methodological Teacher Trainings are very important for successful implementation of Common Core Curriculum for Foreign Language defined on learning outcomes. Professional development of teachers should enable development of skills and abilities that are relevant for the success of teaching and extracurricular activities of students.

3 - Using keywords (for the specific topic and for the sector), please indicate the third most important priority of your country.
For example, theme (formative assessment) and sector (primary).

Formative Assessment

Please tell us why this is important.

Formative Assessment is very important in education system because the students have clear information on their own learning progress, and it is important for the students' motivation.

* Do you want to add another priority?

» Yes

4 - Using keywords (for the specific topic and for the sector), please indicate a priority of your country.
For example, theme (formative assessment) and sector (primary).

Early language learning in the preschool sector

Please tell us why this is important.

Introduction of foreign languages in the preschool sector is of crucial importance to the child's intellectual, social and emotional development through the support to the key competences development.

* Do you want to add another priority?

» Yes

5 - Using keywords (for the specific topic and for the sector), please indicate a priority of your country.

For example, theme (formative assessment) and sector (primary).

Intercultural approaches in the primary, secondary and higher education sector

Please tell us why this is important.

It is important for promoting the values of multilingualism and intercultural cooperation through cooperation and interaction between education professionals (linguists, professors and teachers) and their pupils on one hand and education policy makers on the other and supporting projects on this topic. It is also important to emphasise the importance of foreign languages teaching as well as the role of foreign languages in contribution to the development of intercultural competences.

* Do you want to add another priority?

» No
