### Meeting report

In the three weeks after the event, please complete this report. It contains two sections:

1. **Reporting:** this is intended as a feedback on the event, on what was learnt, on how the event will affect your work and on how it will be disseminated. In addition to the ECML National Nominating Authority and the National Contact Point in your country the ECML will use the report<sup>1</sup> in the "Experts involved in ECML activities" section of each ECML member state website (please see <http://contactpoints.ecml.at>).

This section should be written in one of the project's working languages.

2. **Public information:** this is intended as an information on the ECML project and its expected value for your country. The content should be of interest for a larger audience. Во рамките на програмата на Европскиот центар за современи јазици при Советот на Европа се оддржа тинк тенк работилница насловена „Трансверзалните способности во изучувањето на странски јазик“. Работилницата се оддржа од 8-9 февруари, 2022 година како меѓународен онлајн настан на кој присуствуваа повеќе учесници со обезбеден симултан превод на англиски и германски јазик.

Работилницата се фокусираше на значењето на трансверзалните способности како и нивниот развој и имплементација во работата со студентите и учениците. Целта е студентите да се поткрепат со знаења, вештини, вредности во области како што се глобалното граѓанство, образование за одржлив развој и медиумско образование, како и интра и интерперсонални вештини на 21 век кои вклучуваат соработка, тимска работа, критичко мислење и дигитална писменост.

Овој проект е уникатна иницијатива за развој на трансверзални вештини во обид да се подготват како наставниците така и студентите за иднината.
