A academia de verão do Centro Europeu de Línguas Modernas promove um espaço de discussão dedicado à formação de professores, à reflexão sobre as competências, valores e identidades profissionais dos participantes, aos mais importantes desenvolvimentos em formação de professores e à divulgação de políticas de língua em instituições europeias. Os temas apresentados por profissionais de excelência e com vasta experiência em formação de professores são de temática plural e interdisciplinar com ênfase na condição global, plurilingue e intercultural das instituições de ensino no e para o século XXI. Articulados com investigação académica e reflexão crítica, a academia de verão aborda política de língua, formação de professores em contextos socioculturais diversos, a importância das identidades profissionais plurilingues e interculturais e a reconceptualização de metodologias de ensino e avaliação. Por último, a sinergia encorajada durante a academia facilita a criação *in loco* de projetos de investigação na área de formação de formadores em áreas tão plurais como ensino, literatura e democracia, políticas de línguas ou o impacto da Inteligência Artificial na educação.
